UNITED STATES
GOVERNMENT PRINTING OFFICE
WASHINGTON : 1941

THE Catalog of Copyright Entries is published in four parts. Part 3, containing the entries for musical compositions and dramatico-musical compositions, is issued monthly. The entries are arranged alphabetically by title.

Piano music is understood to be for two hands unless otherwise stated. Titles reading "w" & "m" (signifying "words by," "music by") are to be understood as songs. Songs are understood to be with piano accompaniment unless otherwise stated.

To save space in the Catalog, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "E", Class E, Musical compositions; "D", Class D, Dramatico-musical compositions; "A", Class A, Books containing music; "©" implies copyright registration of a published work, followed by date of publication; "© 1 c." stands for copyright registration of an unpublished work, followed by date of receipt in the Copyright Office of the printed manuscript copy.

A list of renewals made for musical compositions under section 23 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright entries "shall be submitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration".

The final number, completing the volume, is followed by a full annual index of titles. The subscription price for Part 3, which must be for the complete calendar year, is $3, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

THE Catalog of Copyright Entries is published in four parts. Part 3, containing the entries for musical compositions and dramatico-musical compositions, is issued monthly. The entries are arranged alphabetically by title.

Piano music is understood to be for two hands unless otherwise stated. Titles reading "w" & "m" (signifying "words by", "music by") are to be understood as songs. Songs are understood to be with piano accompaniment unless otherwise stated.

To save space in the Catalog, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "E", Class E, Musical compositions; "D", Class D, Dramatico-musical compositions; "A", Class A, Books containing music; "©" implies copyright registration of a published work, followed by date of publication; "© 1 c." stands for copyright registration of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy.

A list of renewals made for musical compositions under section 23 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration".

The final number, completing the volume, is followed by a full annual index of titles. The subscription price for Part 3, which must be for the complete calendar year, is $3, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

UNITED STATES
GOVERNMENT PRINTING OFFICE
WASHINGTON : 1941

THE Catalog of Copyright Entries is published in four parts. Part 3, containing the entries for musical compositions and dramatico-musical compositions, is issued monthly. The entries are arranged alphabetically by title.

Piano music is understood to be for two hands unless otherwise stated. Titles reading "w" & "m" (signifying "words by," "music by") are to be understood as songs. Songs are understood to be with piano accompaniment unless otherwise stated.

To save space in the Catalog, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "E", Class E, Musical compositions; "D," Class D, Dramatico-musical compositions; "A", Class A, Books containing music; "©" implies copyright registration of a published work, followed by date of publication; "© 1 c." stands for copyright registration of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy.

A list of renewals made for musical compositions under section 23 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration".

The final number, completing the volume, is followed by a full annual index of titles. The subscription price for Part 3, which must be for the complete calendar year, is $3, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

UNITED STATES
GOVERNMENT PRINTING OFFICE
WASHINGTON : 1941

THE Catalog of Copyright Entries is published in four parts. Part 3, containing the entries for musical compositions and dramatico-musical compositions, is issued monthly. The entries are arranged alphabetically by title.

Piano music is understood to be for two hands unless otherwise stated. Titles reading "w" & "m" (signifying "words by", "music by") are to be understood as songs. Songs are understood to be with piano accompaniment unless otherwise stated.

To save space in the Catalog, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "E", Class E, Musical compositions; "D", Class D, Dramatico-musical compositions; "A", Class A, Books containing music; "©" implies copyright registration of a published work, followed by date of publication; "© 1 c." stands for copyright registration of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy.

A list of renewals made for musical compositions under section 23 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration".

The final number, completing the volume, is followed by a full annual index of titles. The subscription price for Part 3, which must be for the complete calendar year, is $3, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.
